Summary of Legislation: (A) This bill provides that a resolution passed by a county fiscal body to approve a distribution to a solid waste management district under the laws concerning the county option income tax and the county adjusted gross income tax may: (1) expire on a date specified in the resolution; or (2) remain in effect until the county fiscal body revokes or rescinds the resolution.

(B) The bill prohibits solid waste management districts, after January 1, 2001, from adopting a resolution or continuing to enforce a resolution or an ordinance that establishes permits or licenses for: (1) the siting or operation of a solid waste management facility that is not owned by the district; or (2) the collection and transportation of solid waste; if the siting or operation of the facility or the collection and transportation of the solid waste is regulated under a federal, state, or local statute or ordinance or is otherwise regulated by another governmental entity.

(C) The bill also provides that the law restricting the provision of waste management services by districts does not apply to activities conducted as part of household hazardous waste collection and disposal projects. It allows a district to address multiple one day events in one resolution that allows the district to provide waste management services if the events all take place in the same year.
